### Summary of reasons for decision:

The image appears to be an inadvertently-taken photo of a naked female from her waist to mid-thigh. The subject's age cannot be determined with certainty but she does not unequivocally present as a young person and could easily be a young adult. Regardless of her age, there is nothing overtly sexual about the image. The image does not pass the "subject matter gateway" of s3(1) of the Films, Videos, and Publications Classification Act 1993, nor does it deal with matters under s3A or s3B of that Act. It must therefore be classified unrestricted. An unrestricted classification imposes no limitations on the right to freedom of expression provided by the New Zealand Bill of Rights Act 1990.
